

AQUAFLEX® PROFLOW

AQFP Series

AquaFlex® ProFlow, an outstanding UV resistant irrigation hose that delivers exceptional durability, flexibility, and most importantly unstoppable flow performance, courtesy of the Evercore® technology that prevents kinks from halting water.

The multi-layered construction of AquaFlex® ProFlow utilises custom-formulated materials and Copely's high tensile reinforcement technology. This gives the hose superior flexibility and resilience in all weather conditions, ensuring performance levels that exceeds those of comparable products in the professional hose market.

Key Features:

- Water flow uninhibited by kinks, knots or crushing.
- UV resistant.
- Highly flexible – ease of handling.
- Abrasion and kink resistance.
- Ultra smooth liner ensuring water flow performance.
- Resistant to repeated pulling, bending, crushing.

Sizes:

Available in 25m, 50m and 100m coils

Colours:

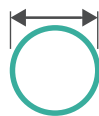

Yellow with black lining

1. Anti-static black inner wall
2. Textile polyester reinforcement
3. PVC outer cover

Applications:

- Agriculture
- Horticulture – fruit, vegetable growers
- Garden centres, nurseries
- Golf clubs
- Landscaping
- Water delivery for industry, construction, public authorities & general gardening purposes

Product Ref	Internal Diameter	External Diameter	Wall Thickness	Maximum Working Pressure	Minimum Burst Pressure	Bend Radius (Approx.)
AQFP12	12.5mm	17.5mm	2.5mm	16 Bar	48 Bar	100mm
AQFP16	16mm	21mm	2.75mm	15 Bar	45 Bar	120mm
AQFP19	19mm	25.5mm	3.25mm	15 Bar	39 Bar	160mm
