

ANTI-STATIC PVC MEDICAL GAS HOSE

BRN SERIES

Copely is recognised as being the largest European manufacturer of high quality medical gas hose and is the market leader in anaesthesia hose following decades of innovation and development.

Key Features:

- Reinforced anti-static, low toxic liner.
- Specially selected high tensile Polyester fiber reinforcement used at the optimum braid angle of 54° 44'(54.73°) creates an effective and balanced pressure hose.
- Exceptional performance and renowned for reliability.
- Conforms to BS EN ISO 5359:2008 meeting the current criteria for use with low pressure medical gases.
- Cadmium and silicone free.
- Carefully selected materials conforming to BS ISO 2878:2005 Electrical Conductivity.
- Medical colour standards.
- Striped hoses for mixed gases.
- Resistant to a wide range of chemicals.
- Laser printed for clarity and cleanliness.
- RoHS 3 compliant.

Sizes:

Available in 30m coils
6.5mm, 8mm & 10mm ID

Custom sizes available on request subject to minimum order quantity

Colours:

White Outer = Oxygen
Blue Outer = Nitrous Oxide
Yellow Outer = Medical Vacuum
Black Outer = Medical air
Mixed Gas (white with 4 blue stripes)

1. Anti-static Phthalate free PVC
2. Polyester fiber reinforcement
3. Anti microbial Phthalate free PVC

Applications:

- Medical
