

CLEAR BRAIDED

CRC Series

Clear braided hose with protective sleeve for dual containment. Ideal for applications where full visibility is required.

This multi-layered and reinforced hose reduces the need and associated risks of multiple terminations inherent with rigid systems, making installation easier and safer.

Key Features:

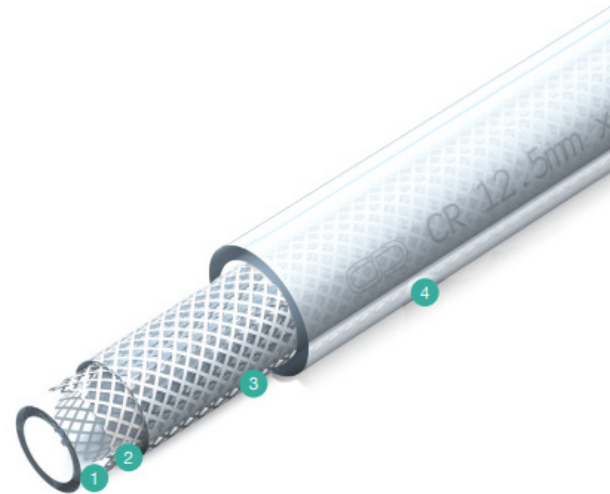

- FDA, EU10/2011 and NSF51/61 approved PVC materials.
- Chemical-resistant to a variety of acids and solvents.
- Abrasion-resistant and flexible.
- Fully transparent so lines can be inspected quickly and easily.
- Removes the need for catchment pots or alarm systems.
- Also available in Hydrachem and Aquachem.
- Fittings also available.

Sizes:

6mm – 50mm ID in lengths up to 1000m
(Lengths subject to size of containment) – supplied on drums

Colours:

Clear

Inner hose

1. Phthalate free PVC
2. Polyester fiber reinforcement
3. Phthalate free PVC

Containment

4. Phthalate free PVC

Applications:

- Water authorities
- Nuclear fuels industry
- Car manufacturing plants

Fittings and Alternative Containment Hose Options Available
