

OPEN FRAME 20 METRE PVC HOSE

Air

High quality 15 metre metal open frame retractable hose reels for compressed air and oil. Fitted with 1/2" I.D. air/oil abrasion resistant rubber hose.

Bulk orders welcome – we can brand these units with your company name and logo.

- Heavy duty reinforced steel construction with paint coating.
- Retractable design allows automatic rewind of the air hose.
- Strong reel supported on both sides via a pedestal style base and arm guide.
- Four roller non-sag hose guides reduces wear.
- Spring connector protects hose against damage when pulled and stretched.
- Max pressure: 20bar/300psi, 3:1 safety rate.
- Max temperature: 60 deg C.
- Mounting dimensions: 170mm x 120mm hole centres, 12mm diameter hole x 4.
- Mounts easily to wall or workbench.
- Conforms to EU standards.
- 12 month warranty.
